# WORKER'S COMPENSATION CERTIFICATION

I certify that I will be responsible for the work to be done under this permit and that in the performance of the work for which this permit is issued I shall not employ any person in any manner so as to become subject to the Worker's Compensation laws of California.

I further certify that if during the course of construction under this permit I should become subject to Worker's Compensation requirements, I will file the required certificate of insurance and realize that failure to do so will necessitate suspension of the permit. I have received an explanation of the limits and conditions of this certificate and have read and fully understand them.
